

Gardener in Canada

Immediately for a period of 12 – 18 months

Ref. 3184

Company & Job Details:

Since 2004, the company has been passionate about bringing clients' visions to life, creating solutions that meet even the most demanding landscaping needs. From lush landscapes to inspiring masonry work, our team of more than 85 dedicated employees from Vancouver, Sea To Sky and the Sunshine Coast is transforming the landscaping industry one inspiring job at a time.

The job offer:

Construction team members report to regional management and are responsible for all aspects of their role, including material handling, installation of hardscape and softscape materials, and other tasks as required. Landscape Maintenance Technicians are responsible for all aspects of their job, including lawn mowing, edging, trimming, bed maintenance, garden and leaf cleanup, hedge trimming, and other tasks as needed. The company's employees generally work in Vancouver, North Shore and Burnaby, but may be assigned to other areas as needed. We always strive for full-time employment, but due to the seasonal nature of the work, hours may vary at certain times of the year. The team members generally work in Whistler and occasionally in Pemberton or Squamish. We are able to offer full-time hours in this region from April to October and are often able to offer hours in the winter with our teams in the Lower Mainland, although the daily commute from Whistler to Vancouver is not particularly practical in the winter. To be able to work year-round, you would have to relocate.

Requirements:

- You need either an apprenticeship as a gardener or two years of work experience in the field of horticulture
- You are known to be reliable and cooperative, have high standards for work, are solution-oriented, and have exceptional organizational and communication skills
- You have background and/ or experience in horticulture and all aspects of softscape installation
- Experience in landscape design / hardscape / installation
- Experience using skid steer / mini excavator is "nice to have"
- Leadership / management experience is a great asset
- A driver's license for trucks and trailers is an advantage

What is offered:

- Fair and Competitive Compensation. Approximately between \$19.00-\$25.00 per hour depending on qualifications and experience.
- We offer extended medical and dental benefits after 6 months of continuous full-time employment and we also have profit sharing programs for our team.
