

Butcher in Canada

Immediately for a period of 12 – 18 months

Ref. 3185/3183

Company & Job Details:

The company is very passionate about producing meat products and proud of their craft. Their products range from sausages to hams and dried meats. For their new production facility in Vernon, BC, Canada, they are looking for adventurous individuals who want to work independently and be part of their growing team. Are you ready to bring your craftsmanship to Canada?

The job offer:

The employer focuses on Traditional German Specialties and Canadian Classics. YOU would be a part of the team consisting of professionals responsible for preparation of meat components for further processing, quality control of raw materials and ingredients used and production of sausages according to recipes and process specifications.

Requirements:

- Completed apprenticeship as a butcher
- Ability to work in a team
- Physical resilience and technical understanding
- English knowledge is an advantage

What is offered:

- Employee accommodation
- Fair payment
- Supplementary health insurance
- International experience
