

Trainee on farm in Canada

Immediately for a period of 12 - 18 months

Ref. 3186

Company & Job Details:

The farm is located 40 minutes from the capital city of Winnipeg, which is home to over one million people and has shopping centers, sports facilities, and entertainment options. Annually, the Farm harvests 10,000ha of straw, 650ha of small grain and 150ha of alfalfa hay. They have a new 16,000 m2 storage facility and have modern machinery that is 1-5 years old. Working on the farm, you will gain experience in all areas of farming with the training and use of equipment such as large GPS guided tractors, combines and tele-handlers required for seeding, harvesting, and baling.

The job offer:

- Assist Field Lead in operation of farm machinery equipment, including but not limited to combines, swathers, skid steers, tractors and trucks, in a safe and productive manner to meet production goals.
- Assist Shop Lead performing basic maintenance of farm equipment, cleanliness, efficient usage and ensuring the pre-equipment checks are completed.
- Assist Yard Lead with maintaining yard and building facilities
- Participate in daily planning of field and yard activities with management.
- Represent the Farm in a professional manner when interacting with employees, vendors, and customers.

Requirements:

- Positive attitude and a willingness to contribute to a Positive Workplace Culture
- Self-motivated, reliable
- Willing to listen and learn from others
- Desire to continually learn and improve skills and knowledge
- Ability to prioritize and manage work activities to meet the schedule
- Farm experience an asset but not necessary

What is offered:

- Personal use vehicle provided
- Housing provided
- Meals provided on all shifts longer than 10.
- 8-hour shifts
- NOTE: Shifts longer than 8 hours, incl. weekends occur during peak field operation months
- \$16.39 – \$26.68/hour with annual/end of term performance bonus based on personal and company performance
