

Carpenter in Canada

For a period of 9 – 18 months

Company & Job Details:

The company is based in Whistler, British Columbia - a world-renowned resort town famous for its skiing, biking, hiking and all things outdoors.

They are one of Whistler's longest established high end home builders. Their meticulous attention to detail, dedication to superior construction practices and steadfast commitment to sustainability has defined the company as one of Whistler's top builders.

Specializing in wood and mass timber construction, they seek skilled Carpenters or Apprentice Carpenters with experience in timber construction to join their team.

The Job Offer and requirements:

- All aspects of construction with a focus on finishing
- Capable of reading and interpreting blueprints, shop drawings and specifications
- Competent working with standard construction tools
- Attention to detail and the ability to problem solve

What is offered:

- **Competitive Wages:** Receive a competitive salary reflective of your skills and experience
- **On-site Mentoring & Skill Development:** Benefit from hands-on guidance and opportunities to advance your skills
- **Engaging Projects:** Work on a variety of interesting and diverse architecturally driven projects
- **Long-term Potential:** Explore opportunities for long-term employment, potential sponsorship, and career growth within our company
